

## PLEASANT RESORT AT NEWMAN'S LAKE

A Gentleman of Capital Favors  
Such a Proposition.

### TROLLEY LINE FROM THIS CITY

The Prospects Are Very Favorable for  
Such a Project—The Man Behind it  
Has the Capital and Has Looked  
Over the Property.

With the spirit of enterprise manifested by the people of Gainesville in every way, we have the assurance from a reliable business man of this city that there is a gentleman who has the money to push the project through, who has looked over the ground and is favorably impressed with the idea of improving the site at Newman's Lake offered as a resort for the people of our city and also for those who come here to renew their health and enjoy the comforts of our busy little city.

There has been considerable talk along this line, but the gentleman who has the project in view has considered it for some time, has options on a good location, and although he is not ready to give up his plans and does not desire to have his name mentioned at present, is anxious to go ahead with the work before long.

Although the enterprise is not settled upon, there has been under consideration a trolley line to the Lake, where there will be a hotel and numerous cottages erected for occupation by parties who may desire them for a week, a month or a year. It is thought that there will be many of our business men who would patronize such a resort, where they could spend their spare time, and if they so desired could reside there in the summer and ride to and from their business every night and morning, rather than go farther from their homes. The rate for the round trip would be moderate, and as for picnic parties and moonlight rides on an open car, nothing could be more delightful.

With the present rapid growth of the city such a place will be most desirable, and The Sun has been assured from one of our reliable and stirring business men that the subject has been considered for some time, with a reasonable surety of being carried into effect in the near future.

### Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." ### BIG LUMBER DEAL.

Particulars Regarding the Deal of W. J. Carter of This City.

A report from Lakeland, in speaking of the activity in business at that point, says:

"Probably the most important business transaction recorded in this vicinity is that which has just been closed, wherein the Carter Manufacturing Company, a new corporation, has acquired the lumber mills and other interests of W. J. Carter, located about six miles east of Lakeland, at Carter's station. The new owners, under the corporation are Leonard Carter, president, of Jesup, Ga.; C. W. Dean, vice-president; J. J. Barnett, treasurer, also of Georgia, and H. B. Carter, secretary, of Lakeland. The deal involved the passing of \$225,000, and included about 650,000 acres of pine and cypress timber, mills, mules, stores, machinery, etc.

"The general headquarters of the corporation will be at Lakeland, though the actual office work will be at Carter's, as heretofore. The gentlemen composing the corporation are well known throughout Georgia and Florida as successful and wealthy business men, and it is generally conceded that this property has passed into good hands. H. B. Carter has long been a resident of Lakeland and will still retain his residence here, as will Mr. Burnett, in all probability.

"W. J. Carter, who built up this saw mill business, will retire for the present, and take a much needed rest."

Mr. Carter's family resides in this city and he will no doubt remain here and be at his ease for a time, until he tackles some other venture. His many friends wish him much more prosperity.

### Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

### Hose Company No. 4.

Another addition to the Gainesville Fire Department was made this week, when a number of our boys of about 15 or 16 years of age met on Tuesday evening and organized Hose Company No. 4. There were 10 of them on the list, and they have a cart with a reel that carries 200 feet of hose, one nozzle and the usual number of spanners, etc.

Douglas Perry is the foreman and T. Pinkson is assistant foreman, and these young firemen are now pining for a chance to distinguish themselves and win a bunch of "hero medals." It is not a bad idea to train them in the work and they should be cheered on in their good work.

### New Cure for Cancer.

All surface cancers are now known to be curable by Bucklen's Arnica Salve. Jas. Walters of Duffield, Va., writes: "I had a cancer on my lip for years that seemed incurable, till Bucklen's Arnica Salve healed it and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at all drug stores.

## SUCCESSFUL NAVAL STORES OPERATORS

Buy Large Tracts of Lands to  
Push Their Business.

### TWENTY-FIVE STILL'S RUNNING

One of the Leading Firms in the State of Florida—The Bonanza Enterprise of the State—Naval Stores Have Taken a Boom.

J. O. Edwards of Green Cove Springs, an extensive dealer in naval stores, and connected as manager with numerous parties engaged in the business in different sections of the State, was in the city Friday and was transacting business at the United States land office.

The business of his firm, the Hillman-Luther Land Company, is equal to that of the most prominent firms in the State of Florida, and they are now in possession of lands that will produce large quantities of these stores, which are now in such demand that they will realize immense sums from the product.

Mr. Edwards is a thorough business man and a past-master in the business, from long experience and a natural tact in handling the business.

The Hillman-Luther Company has been expending quite rapidly, and at the present time this concern is in possession of twenty-five stills in the counties of Clay and Duval, including the large number they have in West Florida.

This product is proving a bonanza to the producers at the present prices, and it is said by those who know "that naval stores are as good as gold."

### Full of Tragic Meaning

Are these lines from J. H. Simmons of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for consumption, coughs and colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all druggists; guaranteed; 50c and \$1.00. Trial bottle free.

### Kentuckians Lynch Negro.

Elkton, Ky., Oct. 13.—Shortly after midnight a mob of about 100 men, supposed to be from Trenton, took Frank Leavell, a one-legged negro, from the jail here and lynched him in a nearby wood. Leavell was arrested on the charge of attempting to enter the room of a young lady at Trenton last Saturday night. He confessed.
